11. The proposed funding mechanism is designed to ensure that the program is self-sustaining and does not rely on state or federal appropriations. The program will be funded by a combination of fees and grants. The fees will be levied on the companies that are subject to the program, and the grants will be awarded to the companies that are most in need of assistance. The program will also be funded by a combination of fees and grants. The fees will be levied on the companies that are subject to the program, and the grants will be awarded to the companies that are most in need of assistance.
